MBAOCHA GOSPEL BRIGHT

FIELD OFFICER | MICROBIOLOGY GRADUATE | RESEARCH & WEB DEVELOPMENT

FCT Abuja, Nigeria | 07026352726 | ozymbao@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented Microbiology graduate with a Second Class Upper degree from the University of Uyo, with experience spanning community health awareness and mobilisation, field activities, laboratory practice, administration, research, and web development. Currently working as a Field Officer with the Viral Hepatitis Association, supporting hepatitis awareness, community mobilisation, stakeholder engagement, and field reporting. Previously completed NYSC at the Nigerian Immigration Service Headquarters, Abuja, where I developed strong administrative, records-management, coordination, and leadership skills. Also experienced in laboratory techniques including aseptic procedures, microbial culturing, media preparation, and tissue culturing, with working knowledge of HTML, CSS, and JavaScript.

PROFESSIONAL EXPERIENCE

Field Officer — Viral Hepatitis Association | Abuja, Nigeria | 2026 – Present

- Support the planning and implementation of hepatitis awareness and community mobilisation activities.
- Conduct health education and awareness sessions for schools, religious organisations, traders, shop owners, and community members.
- Engage community members through one-on-one discussions, interactive education, questions and answers, and educational materials.
- Support mobilisation activities and community outreach in collaboration with relevant partners and institutions.
- Collect and document field information, participation, responses, and follow-up actions for programme reporting and monitoring.
- Support monitoring and evaluation by tracking people reached, engagement, knowledge responses, and actions such as testing, vaccination, or treatment where applicable.

National Youth Service Corps (NYSC) — Nigerian Immigration Service Headquarters | Airport Road, Abuja

- Supervised and coordinated activities of corps members within the organisation.
- Managed file inventory and maintained accurate records of incoming and outgoing files within the Personnel Department.
- Typed official letters and supported routine administrative and secretarial duties.
- Compiled and recorded officers' data for processing within the Finance Department.
- Facilitated the deployment of corps members to various units based on organisational needs.
- Demonstrated strong leadership, organisation, communication, records-management, and administrative skills.

Intern — Biocrop Biotechnology Limited | Mabushi, Abuja | 6 Months

- Performed tissue culturing for plant propagation and research.
- Prepared laboratory media under sterile conditions.
- Applied aseptic techniques during laboratory procedures.
- Supported microbial culturing and general laboratory maintenance.
- Worked with laboratory safety and cleanliness procedures.
